Personale statement:

I consider myself as a pioneer in computer science (since 1985 after obtaining B.Sc.). I took many internal courses in this field held by NCC in PROGRAMMING & analysis; I was then manger of software engineering department in the many departments in ministry of interior iraq – Baghdad before 9/4/2003.

I developed my skills in computer science academically by obtain M.Sc. and PhD.

Currently I am lecturer in the University and supervised number of research written by students. All my lectures are authenticated and based upon most modern books.
